## About Me

---

I am a dynamic and innovative recent high school graduate with a strong foundation in computer science, programming, and network protocols. Proven ability to apply technical skills in Python, C#, and Kotlin to develop practical solutions. Adept in managing complex projects and eager to leverage skills in a variety of challenging careers.

## Technical Skills

---

- **Programming Languages:**
  - **Python:** Data structures, Pygame, standard coding conventions.
  - **C#:** Object-Oriented Programming (OOP), Algorithms.
  - **Kotlin:** Android app development in Android Studio and Firebase integration.
  - **Web:** HTML, CSS, JavaScript and JQuery.
- **Network Protocols:** Understanding of HTTP, TCP, and UDP.
- **Projects:** Various projects (both school-based and personal) showcasing application development and programming skills, available for review on GitHub.

## Education

---

**2019 – 2023**

### Ohel-Shem High School

Completed 5 units in English, Mathematics, Physics, and Computer Science, demonstrating advanced understanding and application.

## GitHub Portfolio

---

A collection of diverse projects ranging from simple applications to complex programming challenges. Demonstrates a keen interest in exploring new technologies and applying them to real-world problems.

## Languages

---

- English
- Hebrew
- Russian
